A Challenge

Thousands of Canadians laid down their lives in France that democracy might live. They gave their fullest measure of devotion to Canada believing that they upheld a principle that a Government of the people, for the people and by the people should not perish from the earth. Their challenge comes to us today—"If Ye Break Faith With Us Who Die We Shall Not Sleep Though Poppies Grow in Flanders Field."

Do the Conservative or Liberal Parties offer you a Government by and for the people? Do the tax scandals, the railroading of Drayton into West York, the rumoured judgeships for those who stepped aside that Drayton might run, indicate that the people of Canada at large are considered by the Conservative Party?

Do the "Ramparts of Gold" behind which the two old parties shelter, and which is made possible by the contributions of those who benefit by special legislation, and who control our Governments (on the admission of Mr. Meighen and his Minister of Justice, R. B. Bennett) lead you to believe that either of the two old parties will or can be honest in their legislation? They are parties in pawn. Their political existence is mortgaged.

Do you believe Mr. Meighen can give you a full pay envelope or Mr. King make the pay you get go further? Nothing of the kind. Do you imagine that parties owned and controlled by our captains of industry can best serve the interests of Canada as a whole? Will you blindly accept and follow the old party teachings when the very foundations of our Christian institutions are being rocked by treachery and deceit?

Are you going to put party before country or will you join with the hundreds of thousands of Conservatives and Liberals, who in their attempt to purge their parties of the iniquities that curse them to-day, will vote for a Progressive Candidate to cleanse the political life of our country?

Whether or not the Liberal or Conservative Candidate in West York is personally involved with the financial interests who control both of the old parties, their efforts may count for nothing even if elected, because of the hard uncompromising code of party discipline.

The hope of this country lies in the Progressive Movement. They offer you legislation in broad daylight. They are committed to and will bring about reforms that will reclaim the Government for the people and allow us to keep sight of those ideals for which we enlisted and sacrificed a heroic army of Canadians.

The appeal of the Progressive Party is to your common sense. It solicits your support of a cause that is in the interests of rich and poor alike. It offers you an unfettered vigorous, conscientious and honest leadership.

You will share by your vote on December 6th in determining whether we continue our Governments on the old party lines, where huge subsidies are provided by corporations to party funds and the freedom of independent action by our legislatures as stiffled or whether we are through with this business of Governments in pawn, and accept a new code by which the Governments become truly a Government for the people and by the people.

This is the great ideal that led us into the war in 1914.

"Will Ye Break Faith With Those Who Died?"

You can keep the faith with your vote for—

Jas. A. Cameron,

Progressive
